Attn: Ms. Linda Ziegler

SUBJECT: Exxon Company, USA Tuckerton, PA
FRP-03A-0078
Region ID PAFRP079

Dear Ms. Ziegler:

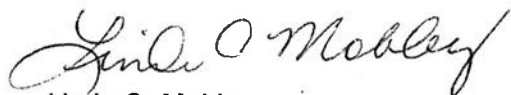

Enclosed are two copies of environmentally sensitive area maps for Exxon's Tuckerton terminal and a letter from Rust Environment & Infrastructure regarding planning distance calculations. Please file them *behind* the red tab 3.0 Hazard Identification and Evaluation. (note: These pages would normally be filed in our Emergency Response Action Plan (ERAP) under the white tab labeled 8.0 Facility Diagrams and Maps. When we reprint the manual, the maps will be included in the ERAP.)

Also enclosed is the section dividing the ERAP from the Oil Spill Response Plan (OSRP). Please file these in *front* of the red tab labeled Plan Overview. We have reprinted this section to include the plan distribution (page iii) and the record of plan changes (page iv)

The last enclosure is Page 3 of the ERAP. This is to correct the latitude and longitude which was inadvertently transposed. Since the ERAP is a separately bound section, we ask that you staple the attached page and we will insert it in the next printing.

If you have any questions or need additional information, please do not hesitate to contact me at 713-656-6571.

Sincerely,

Linda C. Mobley
Marketing OPA Committee
